

About AES

AES is the World-Wide Leader and Premier Source
For Outstanding Indoor Pyrotechnics, Stage Lighting,
Special Effects & Production Services

AES opened its doors in 1980 and quickly established itself as the industry leader as it became one of the largest and most reputable lighting, production and pyrotechnics companies in the world. The AES team has consistently produced innovative, leading-edge, special effects shows, second-to-none. When it comes to special effects design and consultation, AES provides 20 year's of hands-on experience and innovation. The success of AES and its phenomenal growth, from a single desk and two employees, to its current eleven-thousand square foot production facility and twenty employees, testifies to its record of producing exciting, innovative and creative shows.

AES has built a strong, loyal customer base of clients the world over and consults on more than 2500 projects annually. AES has served on production teams for events in Russia, Japan, South Africa, Europe, Finland, Australia, South America, Canada and Great Britain.

An area in which AES has especially distinguished itself for innovation, creativity, and safety expertise is on the seven seas with the cruise line industry. If there is a special effects show out at sea, chances AES played a role in its production. Clients include Carnival Cruise Lines, Costa Cruise Lines, Radisson Cruise Lines, and Holland America Cruise Lines.

Go on a cruise, step on a stage, watch music video, attend a corporate or major sports event - you can be sure AES has been there and has made the show unforgettable!

Pyrotechnics

A blast of fire, shower of sparks, puff of smoke, flash of light, or aerial burst of twinkling, multicolored stars generates excitement from an audience which is unequaled by any other production element.

The AES pyrotechnic staff brings leading edge design, imagination, innovation, creativity, and years of experience to each and every project. Using state-of-the-art technology, AES is able to precisely choreograph all pyrotechnic elements of a production, producing breathtaking visual displays, while at the same time, insuring safe execution of the effects.

A show is not complete with out proper planning: AES manages all facets of the permit application process, including diagrams, insurance, licensing, and coordination with venue staff, and local fire authorities. Every element regarding the pyrotechnics used in the production is addressed in advance to insure a safe and spectacular presentation without inconvenience to our clients.

From concerts and tours like Aerosmith and Barbra Streisand, to major sporting events such as the World Series and NBA All-Star Game, to mega corporations IBM, General Motors and Carnival Cruise Lines, to grand openings for Mall in America in Minneapolis, Harbor Place in Baltimore and the Forum Shops at Caesars Palace in Las Vegas, AES clients know they can depend on our expertise and creativity to make their event a spectacular and unforgettable experience.
